VIRGINIA BEACH TECHNOLOGY COMPANY RANKS IN THE TOP 10 FASTEST GROWING COMPANIES IN VIRGINIA

Virginia Beach, VA, May 3, 2006 — Global Support Software (GSS), developers of IssueTrak Software, has been named to the prestigious Virginia Chamber of Commerce "Fantastic Fifty" list of 50 of the fastest-growing companies in the state. Overall GSS ranked 10th out of the fifty winning companies.

The winning companies were saluted at the annual awards banquet held at the Westfields Marriott in Chantilly on April 27. This year marks the eleventh year of the Fantastic 50 program.

The Honorable Aneesh P. Chopra, Secretary of Technology, Commonwealth of Virginia was the keynote speaker at the ceremony. Secretary Chopra was appointed by Governor Tim Kaine and is Virginia's Fourth Secretary of Technology.

Nominations for the Fantastic 50 are sought statewide from local chambers, economic development organizations, and through the sponsors' networks. To be eligible, companies are required to be privately held, with headquarters in Virginia, and to show sales between \$200,000 and \$100 million. They are judged on a four-year sales revenue history. Verification of all award entries is conducted by the professional service firm of Goodman and Company.
